The
EntrepreNorth
App
Development
project
focused
on
creating
a
multi-
user
applied
business
tool
that
supports
entrepreneurs
and
social
innovators
with
investment
and
impact
readiness,
and
ongoing
business
planning
and
strategy.

Amongst the goals of the project are developing, testing and launching an app that is accessible to Northern and Indigenous entrepreneurs, that provides business education,

mentorship and investment readiness support in remote locations. The project will utilize its own design thinking methodology to create the app that is responsive to the needs of Northern and Indigenous entrepreneurs and social initiators. An additional outcome of the app, aimed

to
build
a
community
of
practice
for
northern
and
Indigenous
entrepreneurs,
as
well
collecting
impact
data
to
prove
the
impacts
of
entrepreneurship
and
social
innovation
in
the
North.

The Future Skills Centre acknowledges that the Anishinaabe, Mississaugas and Haudenosaunee share a special relationship to the 'Dish With One Spoon Territory,' where our office is located, bound to share and protect the land. As a pan-Canadian initiative, FSC operates on the traditional territory of many Indigenous nations across Turtle Island, the name given to the North American continent by some Indigenous peoples. We are grateful for the opportunity to work in this territory and commit ourselves to learning about our shared history and doing our part towards reconciliation.
